Hi Donn,

Who was going to reach out to this group? Once we've had a chance to discuss, we should also respond in writing.

Thanks,

Anne

Just pulled this extension request from the EPA website - lets discuss reaching out to this group & clarifying some issues.

Thanks,

G

Submitted values are:

Your Name: Shannon Labauve

Your E-mail: galv.maritime@aol.com

Comments:

Galveston Maritime Business Association respectfully requests an extension on the current public comment period, ending January 12th, 2017. We request a 60 day extension to put together appropriate meetings for stakeholders in Galveston County.

Galveston Maritime Business Association is a group of concerned businesses, charter fishermen, fishing guides and tourist-based businesses located downstream of the San Jacinto Waste Pits on Galveston Island and in Galveston County. We've experienced first hand, the loss in business due to environmental issues, some very real, some over-reaction.

We are concerned about the proposed dredging, specifically the unintended consequences of dredging and the effects it can have on our environment, tourism, fisheries and local businesses. As you are aware, there have been no meetings, discussions or opportunity for input on this matter, when we are tethered to the failure or success of dealing with remediation of

San Jacinto Waste Pit Superfund Cleanup.

We are asking for an extension so that we can gather more information, better understand the process and and better inform our members.

Respectfully,

Shannon LaBauve
